Georgetown Evening Lions Club Minutes – March 9, 2010

Membership Discussion – Our “How you doin’?” survey results submitted for our Club. Feedback indicated that more focus on membership is still required. IPDG Lions Charles Handrick has indicated. Identify members, reach out to them. When they show, involve them to use their talents. Be visible in the Community. Buda is very visible in the Community, tough balance as prospective members see us working hard to help the Community and aren’t sure they want to do that. Many good causes and need to help retention by keeping folks engaged. Lions come from the strangest places, so don’t look past opportunities.

Get visibility for causes we support, “Lions are the best kept secret in the Community”. Fundamentally, we have to ask people to come.
